

INTEGRA ADHESIVES UPDATE

As part of our ongoing commitment to our customer's and your business', we are thrilled to share some exciting news with you.

We are reducing the price of Integra Adhesives!

In partnership with Integra Adhesives, CDK Stone are proud to announce a significant price reduction on our range of adhesives. This initiative comes as a result of our recognition of the immense value and growth in the Australian market. We want to reward the loyalty and trust of existing customers, as well as welcome new customers, by offering more favourable pricing.

What Does This Mean for You?

- **Improved Quality:** The vast majority of our Integra stock is now being manufactured in the United Kingdom. This change allows us to pass on reduced manufacturing and distribution costs, coupled with improved quality control and R&D.
- **Full Price Reduction:** CDK Stone is fully committed to passing on this price reduction to you, ensuring you get the best value for your investment.
- **Increased Inventory:** We are also investing in more inventory to ensure you have easy access to our products whenever you need them.

Why Are We Doing This?

Integra Adhesives' growth in Australia has been phenomenal. The increasing number of Australian stone-masons and tilers choosing Integra Adhesives is a testament to the quality and reliability of our products. To show our gratitude and to further support your work, we're making our premium adhesives even more accessible.

Thank You for Your Support!

We deeply appreciate your continued trust in Integra Adhesives. By reducing our prices, we aim to strengthen our relationship and support your business with the premium adhesives at quality prices.

If you have any questions or need more information, please don't hesitate to reach out to your Tools & Equipment Sales Consultant at CDK Stone. We are here to support you.
